- Carry out project, reactive and/or maintenance work as issued
- Ensure that work is completed to a high standard within the agreed time scale
- Complete the required paperwork
- Be able to carry out on site risk assessments and raise issues when circumstances arise
- Work flexibly and carry out any suitable duties
- Take ownership of issues on site

The ideal candidate will have the following skills and experience:

- Full UK Driving License.
- Holds a relevant Industry qualification e.g. CSCS/ECS Card
- Emergency First Aid at Work
- Manual Handling Highways Electrical
- Practical experience
- Committed / hardworking / reliable worker
- General willingness to be helpful, enthusiastic and flexible
- Able to work as an individual and as part of a team

Desirable, but not essential

- ALLMI Slinger/Signaller
- IPAF 1B, 3A & 3B
- Cat & Genny Trained

Based: Middlesbrough but with extensive travel throughout the UK.

Hours: 45 hours per week

Salary: Competitive plus overtime.
